## Create A New Case

Now that you have registered your account you are now ready to schedule your case.  
*Cases can be scheduled in advance to the FMI date and file uploads.*

When scheduling a new case you must provide the following:

- DBS/Surgery Date
- Patient Code
- MR #
- Hospital

Verify the Hospital & Lead Surgeon.

You also have the option to include:

- FMI Date
- Procedure & Platform Description
- Case Notes

Click the Create New Case button and your case will be added to your case calendar.

Click on the Case Box to:

- Upload Files
- Add a PO
- Postpone, Reschedule, or Cancel a Case

+ New Case

DBS/SURGERY DATE \*

FMI DATE

PATIENT CODE \*

First two letters and the last letter of the patient's last name, separated by a double dash  
(ex. Bob Smith, SM--H)

MR NUMBER \*

PROCEDURE DESCRIPTION

DBS-MER: Bilateral

HOSPITAL

Allegheny General Hospital

LEAD SURGEON

Add the surgeon's name to the Case Notes if missing from this list
